

Getaway

Dr. John

Drunk out on cris living in a while
On a cricking road when a..smile
Never came where I've been
Owing that I've seen you again

I was always ready
To make a play
Now you're so meet together away
Dues I pay is my greatest singin'
Will I ever see you again
See you again
See you again

No as the hand in a blunt out of hill
..don't you ..I said out
Try to break us all we do is be
A love that will never end
Will never end
Will never end
