

# I Know What I've Got

Dr. John

I'm still young, gettin' older by the minute  
Reachin' out the millions, believe it  
I work hard, I work fast  
I'm gonna take it to the top and I'm gonna laugh  
I know what I've got so stop  
Knockin' at my wagon, cause I'm blowin' up spots  
Been wherever I go, you know I get mad love

To the east to the west  
To the north and the south  
They know A.C. and they know I get down  
To the east to the west  
To the north and the south  
Keep my feet on the ground and they know that

Ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Cause ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town

I'm not the type of guy to show off for attention  
About the fancy cars and jewels  
But let me mention  
Girls can't get enough of me  
Record company lovin' me  
Jealousy from all off the guys?  
HMMMM, probably  
But that won't get in my way  
It ain't stoppin' me  
Always reach for the top, that's how it's gotta be  
Don't worry 'bout the people that, hmmm, take a pop of me  
So on with the show, hit the road here we go

To the east to the west  
To the north and the south  
They know A.C. and they know I get down  
To the east to the west  
To the north and the south  
Keep my feet on the ground and they know that

Ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Cause ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town

Now wait, people wanna know about the way I live  
And do my biz  
This bright young kid works hard just to make these hits  
But never the less, they try to attack me  
Just to make me react  
But Spectra's got my back  
So come on cause we're strong  
My label's got the ball rollin', they come correct  
From hip hop to pop, go look and check

To the east to the west  
To the north and the south  
They know A.C. and they know I get down  
To the east to the west  
To the north and the south  
Keep my feet on the ground and they know that

Ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Cause ya don't see me braggin'  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town
