

Imitation Of Love

Dr. John

We do the things that lovers do
Like you kiss me and I kiss you
We say the things that lovers say
Like I'm never ever goin' away
We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love
We had it all, well, I broke your heart
We were too weak to stay apart
I didn't mean to treat you so mean
We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love
Oh sure, yes oh
We don't feel the things that lovers feel
You can't fake a feelin' and make it real
It's just an imitation, an imitation of love
Yeah, yeah, yeah, yeah, yeah
It's just an imitation, an imitation of love
