

You Lie

Dr. John

High brand lion
Know is it pride
This in fact
..back
So long down
Oh what sound
And my friends
Through the end
Girl you hear
Say this go get em
You lie em
True sound better

In hell
Saviors go get em
You lie
When true sound's better

..evil
As your liga
..coming people
Bad..chickens grow
Swear would see
Tired away

In hell
Saviors go get em
You lie
When true sound's better
In hell
Saviors go get em
You lie
When true sound's better

No team ball no chick bout
True sound better then what you 'bout
[2x]

Anywhere in hell
Saviors go get em
You lie
When true sound's better
In hell
Saviors go get em
You lie
When true sound's better
