

## Are We Having Fun Yet

Dr. Steel

Look at you, look at me  
Look through the eyes of your TV

We're dropping bombs like a holy cow  
With stocks and bonds getting fatter now

Are we having fun yet?  
Are we having fun yet?  
Are we having fun yet?  
Are we having fun yet?

We're medicated, dedicated pawns for the cause  
Presidential puppeteers are playing Wizards of Oz  
Telling us, selling us, manufacturing gods  
Illuminati

Are we having fun yet?  
Are we having fun yet?  
Are we having fun yet?  
Are we having fun yet, huh?  
Cause I can't tell.
