

Atomic Superstar

Dr. Steel

Just a normal day
In almost every single way
Taking the train down to Tokyo
Enjoy the ride

I feel a rumble, a tumble
A shiver down my spine
I see everybody pointing up
Into the sky

I hear the sound of Armageddon
I see the town that it will step on
We're going down like an atomic bomb
And I hear that sound

Godzilla
Coming to your town
Godzilla
Gonna getcha now
Godzilla
Coming down
Godzilla
Godzilla

Stompin and chomping
And screeching and rompin
He's never stoppin'
Not even nuclear missiles
Or model tanks can stop him

And we're falling and crawling
And bawlin and haulin'
And I hear the sound

Godzilla
Coming to your town
Godzilla
Gonna getcha now
Godzilla
Coming down
Godzilla
Godzilla (2x)

Well you can run
But you won't get far
He'll just irradiate your car
He's powerful and so bizarre
He's such an atomic superstar

Godzilla
Coming to your town
Godzilla
Gonna getcha now
Godzilla
Coming to your town
Godzilla
Godzilla
