

Back And Forth

Dr. Steel

("Well, as you can see, I go back and forth. That's right, side to side. Back and forth, back and forth, back and side to side. Let's start advertising and makes some real money.")

Listen to me
Listen to me my children
Listen to me
Listen to me
Listen children

Gather around to hear the sound of my voice
Dear girls and boys well you're making a choice
You can think for yourselves
Or you can buy all my toys
Disregard mental health
Jump around, make some noise

I'd never lie to you
You know I'd die for you
Yeah, I love you too
So just do what you do,
Consume and gobble it up
Come on, show me some love
Or I'll be blowin you up.

I'm lying through my teeth
To get everything I need
I'll be what you want me to be
That's why I'm dancin' dancin'

Back and forth
Back and forth
Back and forth
Side to side

See me!
Stare into my eyes you're getting sleepy
Feed me!
And then I'll feed the hungry and the needy
TV
Is the loving eye of education
Free me
I'll drag a burning smile across this nation.

Back and forth
Back and forth
Back and forth

Side to side

I control you

Back and forth
Back and forth
Back and forth
Side to side

Listen to me
Listen to me my children
Listen to me
Listen to me
Listen children
("Stop.")
