

# Drop Da Bomb

**Dr. Steel**

Tick, tick ticking time bomb  
On a chain in a padded room  
Kaboom Zoom and I'm outta here soon

Chrome dome, goggles on  
Dressed all in rubber.

Well, gosh darn, I said it feels so right  
Settin off explosives on a Saturday night  
Well, countdown rollin' doing UFO drive by's  
Three, two, one... BINGO!

Drop the bomb

Tin toy packed with a hundred pounds of nitro

Let's go toy bomb a roller skating disco  
Jolt cola and pop rocks are gettin me high  
Feeling fantastic the smell of plastic explosives  
Corrosives  
Here's the doctor prognosis  
Take two of these  
And don't bother calling me  
Cause I'm gone.

Drop the bomb.  
I'm gonna drop the bomb on you.
