

Magic Fantastic

Dragonette

Electric fantastic
Electric fantastic
Electric fantastic
Electric fantastic
All right

The kids got the radio blasting
I'm on the sidewalk sweating
The girls know how to move to the music
I wanna get
Into it

And it's getting hot in the city
Everyone's wet and sticky
I don't mind the heat when the beat
Is getting me
On my feet

Magic fantastical
Total electrical
My boy's on the cord with a Popsicle
Total electrical

Electric fantastic
Electric fantastic
All right

This street in the heat in the beating sun
There's only one thing keeping me downtown
The kids got the radio blasting
It's magic fantastic

Magic fantastic
I wanna get (I wanna get)
Into it (Into it)

Magic fantastical
Total electrical
My girl's on the cord with a Popsicle
Total electrical

We're shaking up life with a stereo
Total electric

The kids got the radio blasting
I'm on the sidewalk sweating
Yeah they got the radio blasting
I want to get into it

You know we like it when you make it electrical
The girls are hot and cold and off with a Popsicle
They're gonna keep me in the street with the stereo
Oh no, oh my, don't wanna go-o-o
It's magic, fantastic
He's got the radio blasting
It's magic, fantastic

Total electric
