

Save My Neck

Dragonette

I'm in the moat with an alligator
I'm in love with my torturer
You're a lie, you're a cheat, you're a danger
You get me all afire then I

I'd love to be a wild animal
With an instict for survival
I'd lick my wounds and run like heck
And I'd cut you loose to save my neck
I'd love to be a wild animal
With an instict for survival
I'd lick my wounds and run like heck
And I'd cut you loose to save my neck

I'm in a cage with a hungry creature
Gotta learn to be a lion tamer
Is anyone gonna come to save me
Say "King Kong, let go of that lady"

I'd love to be a wild animal
With an instict for survival
I'd lick my wounds and run like heck
And I'd cut you loose to save my neck
I'd love to be a wild animal
With an instict for survival
I'd lick my wounds and run like heck
And I'd cut you loose to save my neck

I gotta get a sharper weapon
I gotta pay more attention
I gotta get ready to aim
And gotta be my own protection
I gotta get a sharper weapon
I gotta pay more attention
I gotta get ready to aim
And gotta be my own protection
I gotta get a sharper weapon
I gotta pay more attention
I gotta get ready to aim
And cut you loose to save my neck

Cut you loose to save my neck
Cut you loose to save my neck
