Heart of a Dragon

DragonForce

Proud and so glorious standing the four of us Our swords will shine bright in the sky When united we come to the land of the sun With the heart of a dragon we ride

We are flying on wings in winter sky with fire burning deep inside We are warriors of endless time forever on and on On wings of steel an ancient flight we see the powers that unite The gods will now send us a sign of battle once more

Through the valley we ride full of glory we soar Where the fights will be raging for now and for more When united we come and divided they fall Tonight you will witness it all

Proud and so glorious standing the four of us Our swords will shine bright in the sky When united we come to the land of the sun With the heart of a dragon we ride

A land unknown we come so far We ride the night till morning star When colours fade to black and white Your eyes come to sight

With the vision of a great divide You turn towards the other side You think you run but you can't hide The dead can not ride

Through the valley we ride full of glory we soar Where the fights will be raging for now and for more When united we come and divided they fall Tonight you will witness it all

Proud and so glorious standing before of us Our swords will shine bright in the sky When united we come to the land of the sun With the heart of a dragon we ride

Over high seas and mountains
We fly to the heavens on wings of a dragon tonight

Proud and so glorious standing the four of us Our swords will shine bright in the sky

Proud and so glorious standing the four of us Our swords will shine bright in the sky When united we come to the land of the sun With the heart of a dragon

The heart of a dragon
The heart of a dragon we ride
