Through the Fire and Flames

DragonForce

On a cold winter morning In the time before the light In flames of death's eternal reign We ride towards the fight

When the darkness has fallen down And the times are tough alright The sound of evil laughter falls Around the world tonight

Fighting hard, fighting on for the steel Through the wastelands evermore The scattered souls will feel the hell Bodies wasted on the shore

On the blackest plains in Hell's domain We watch them as they go Through the fire and pain and once again we know!

So now we're flying we're free We're free before the thunderstorm On towards the wilderness Our quest carries on

Far beyond the sundown Far beyond the moonlight Deep inside our hearts and all our souls!

So far away we wait for the day For the lives all so wasted and gone We feel the pain of a lifetime lost in a thousand days Through the fire and the flames we carry on!

As the red day is dawning And the lightning cracks the sky They'll raise their hands to the heavens above With resentment in their eyes

Running back through the midmorning light There's a burning in my heart We're banished from a time in a fallen land To a life beyond the stars

In your darkest dreams see to believe Our destiny is time And endlessly we'll all be free tonight!

And on the wings of a dream So far beyond reality All alone in desperation Now the time has gone

Lost inside you'll never find Lost within my own mind Day after day this misery must go on!

So far away we wait for the day

For the lives all so wasted and gone We feel the pain of a lifetime lost in a thousand days Through the fire and the flames we carry on!

Now here we stand with their blood on our hands We fought so hard, now can we understand I'll break the seal of this curse if I possibly can For freedom of every man!

So far away we wait for the day For the lives all so wasted and gone We feel the pain of a lifetime lost in a thousand days Through the fire and the flames we carry on!
