

Contact

Dragonland

A cryptic equation
of a pulsating light
An unearthly riddle
from beyond the starlit sky
Message of unknown design
Heavenly but nondivine
Sent by intelligent minds
An echo through space and time
Fractal figures, deciphered lines
Stellar visit is nigh
See the fire in the cloudless night
Bright reflection of lights in my eyes
Now we will see
will our contact be
salvation from afar
a guiding star
Solo: Holmlid
A cold observation
of systematical eyes
Our demeanor trasnfigured
A calculated demise
Contact with alien life
Heavenly but with nondivine
Communication with cosmic minds
that have travelled through space and time
See the fire in the cloudless night
Bright reflection of lights in my eyes
Now we will see
will our contact be
salvation from afar
a guiding star
Solo: Mörck, Holmlid, Magnusson, Mörck
Complete fulfilment of ancient signs
A swift destruction by higher minds
See the fire in the cloudless night
Bright reflection of lights in my eyes
Now we will see
that our contact will be
destruction from afar
one final war
