

Supernova

Dragonland

Do you believe
in powers extreme
bewildering majesty
Can you perceive
A vision supreme
eruption serene
Grim destiny
infinity
radiant intensity
Ethereal sphere
future severe
benevolent fear
Heed to its fortune bestowed
Marvel and let it explode
to the inferno we go
Detonate the sun
and soar into the supernova
now it has begun
a solar mass undone
Say, can you feel
destruction surreal
deadly calamity
a final demise
in godly disguise
now will arise
Heed to the wisdom of old
unleash a glory untold
to the inferno we go
Detonate the sun
and soar into the supernova
now it has begun
a solar mass undone
[Solo: Mörck]
[Solo: Holmlid]
[Solo: Magnusson]
Heed to its fortune bestowed
Marvel and let it explode
to the inferno we go
Detonate the sun
and soar into the supernova
now it has begun
a solar mass undone.
