

## Allied Force

## Dragonsfire

Long time has gone by  
But here we are back, awaiting our chance  
We've got metal, heavy metal  
A hungry metal heart  
Bound by steel, united we stand

Now it's time, to send a sign  
To raise the flag and hold your hands up high  
Allied force of underground what was lost it has  
Been found, the power and the might is in us all

We are made of iron, yeah iron fills our veins  
We are made of iron and forever we will be

We are the Allied Force  
Now we are back, blasting you guys  
We are the Allied Force  
Join the pack and attack  
We are the Allied Force  
This is our life I ain't tellin' you lies  
We are the Allied Force  
Hold the line, the Allied Force is back

All of you, scream like a hundred men  
Goin' wild out there 'til the end  
Hold the line my brothers, come bang your head  
And shout it out it's Dragonsfire in the hall tonight

We are the Allied Force  
Now we are back, blasting you guys  
We are the Allied Force  
Come on and join the pack  
We are the Allied Force  
This is our life I ain't tellin' you lies  
We are the Allied Force  
Hold the line, the Allied Force is back
