

# Call of the Heart

Dragonsfire

We're born into this world  
That slowly has unfurled  
An egotistic life, that leaves behind a desperate soul  
It is a challenging one  
For his father's son  
But a fearful start may break your heart  
And take your life apart

Now it's time to free your mind  
What do you think?  
Time to start it all  
Where do you go?  
Time to live your life  
What do you want?  
Where will life lead you from here?

Follow the call of the heart  
Away to the end of the world  
Don't follow the leaders, the blind men, no more  
Go further and reach for the stars  
Don't follow the leaders, the blind men, no more  
Go further and reach for the stars

The innocent child  
So savage and wild  
Thrown into a world of plans, determination, lies  
The truth behind the scene  
The world behind the scheme  
They wear their masks and play their roles  
On their stage of life

Now it's time to free your mind  
What do you think?  
Time to start it all  
Where do you go?  
Time to live your life  
What do you want?  
Where will life lead you from here?

Follow the call of the heart  
Away to the end of the world  
Don't follow the leaders, the blind men, no more  
GO further and reach for the stars  
Don't follow the leaders, the blind men, no more  
Go further and reach for the stars

Learn to live and learn  
There is no second chance to give it all  
The book of life is written on your skin  
I've seen it all before  
I've heard the words and know they mean  
The meaning of this life is inside us all  
There's no choice at all  
You got to do the best you can  
You know this page is blank  
Keep searching for the words  
I've got to live my life

And I may choose where I will go  
And learn to live this life - look at my skin.

Now it's time to free your mind  
What do you think?  
Time to start it all  
Where do you go?  
Time to live your life  
What do you want?  
Where will life lead you from here?

Follow the call of the heart  
Away to the end of the world  
Don't follow the leaders, the blind men, no more  
Go further and reach for the stars  
Don't follow the leaders, the blind men, no more  
Go further and reach for the stars

Go further and reach for the stars
