Dragonsfire

Step on the gas, put the pedal down  
Pick up the pace, make the wheels going round  
Tires are burning, the engine roars  
Smell the fuel in the air, feel the rush in your head

Motors burning  
Wheels are turning  
Feel the speed, the thrills  
Chrome is shining  
Feels like flying  
Feel the speed that kills

Nowhere to run, nowhere to hide  
Never look back, take me for a ride  
Ride on, Speed demon

Speed Demon

Gas is running through iron pipes  
Clouds of smoke and dust in the air  
I wanna ride, explode in the night  
My heart is pounding, adrenaline flowing

Motors burning  
Wheels are turning  
Feel the speed, the thrills  
Chrome is shining  
Feels like flying  
Feel the speed that kills

Nowhere to run, nowhere to hide  
Never look back, take me for a ride  
Ride on, Speed demon
