

Dr. Agony

Dragony

"Doctor, doctor please"
As I ask with great unease
"I feel a pain inside of me
Can you cure this agony?"

"Oh, oh the doctor sees!"
As he says as to appease
"The medicine you need from me
Might be a song by Dragony!"

Come take my hand, and come in, child
Here in the darkness I know what you need

When the doctor is in
Let the madness begin
With his bone saw and scalpel
He'll rip off your skin

When the doctor is in
It is high time for sin
And the last thing you will ever see
Is the face of Doctor Agony!

"Doctor, doctor please
Find a cure for my disease!"
As I scream in silent misery
"I've sinned so most despicably!"

"Yes, your doctor still agrees"
He utters as smiles freeze
"The nature of your malady
Will be Doctor Agony!"

Come take my hand, and come in, child
Here in the darkness I've got what you need

When the doctor is in
Let the madness begin
With his bone saw and scalpel
He'll rip off your skin

When the doctor is in
It is high time for sin
And the last thing you'll ever see
Is the face of Doctor Doctor Agony!

Come take my hand, and come in, child
Here in the darkness I've got what you need

When the doctor is in
Let the madness begin
With his bone saw and scalpel
He'll rip off your skin

When the doctor is in
It is high time for sin
And the last thing you'll ever see

Is the face of Doctor Doctor Agony!
