

# Faithful

Drake

Check, 1-2,1-2, bitch  
You expensive, you know that?  
I'm high maintenance a little bit but not in a, not in a negative way  
I just like extremely expensive things

Foot off in their ass is what Ken told me  
Niggas like to play games cause they feel like they know me  
You don't know me, nigga, I done changed  
So don't be trying to be putting on shit off in the game  
This ain't no motherfucking '91  
We out here rapping for money you niggas rapping for fun  
I don't fuck with nobody in this shit but Bun

You would think it's all mine the way I took it  
You would think it broke down the way I push it  
You hate it when I coat things all in sugar  
You want to hear the real talk, well, girl, who wouldn't?

Working, working, working, working, ain't ya?  
You don't have no time to lay up  
You just trying to be somebody  
'Fore you say you need somebody  
Get all your affairs in order  
I won't have affairs, I'm yours, girl  
Faithful, faithful, faithful, faithful

You hit me like "I know you're there with someone else"  
That pussy knows me better than I know myself  
On my way from the studio so get undressed  
Let's do the things that we say on text  
I want to get straight to the climax  
Have you coming all summer like a season pass  
I want to turn you out like pitch black  
Want to watch you do work while I sit back  
Cause you talk like you got what I need  
You talk like you got the juice and the squeeze

Working, working, working, working, ain't ya?  
You don't have no time to lay up  
You just trying to be somebody  
'Fore you say you need somebody  
Get all your affairs in order  
I won't have affairs, I'm yours, girl  
Faithful, faithful, faithful, faithful

How far we go  
Always seems to get better with time  
Won't you, outsmart me  
Don't mean that your brain works better than mine  
Tell me I should know you  
I got to know you again  
You want me to show you  
I'm gonna show you again  
Now we're in the zone  
Gon' let me all in again  
And now you're coming over  
Over and over and over and over and over again

Over and over again  
Over and over again  
Now you're coming over  
Over and over again  
Over and over again  
You tell me I should know you  
But I'll get to know you again  
And you want me to show you  
I'm gonna show you again  
When were in the zone you  
Gon' let me own it again  
And now you're coming over  
Over and over and over and over and over again  
Now you're coming over  
You're coming over
