## **Summer Games**

I think you're changin' your mind Startin' to see it in your eyes I used to love a good surprise And now I'd rather know ahead of time You said "I love you" too fast So much for that, girl, summer just started And we're already done

Yeah, you say I led you on, but you followed me I follow one of your friends, you unfollow me Then you block them so they can't see you likin' someone just like me I expected more from you honestly Said you want a simple life and that's not me How you go from that to endin' up with someone just like...? How can you be angry on a night in July And be warm with me when it's freezin' outside You're confusin' me, don't have me wastin' my time

Yeah, you said "I love you" too fast So much for that, girl, summer just started And we're already done

I kept you decent, I kept you sane I kept it peaceful, don't lie I kept it decent, even the secrets Kept it between you and I Breakin' my heart, tearin' me apart Breakin' me down when I'm already down Breakin' my heart- breakin' my heart- breakin' my heart Breakin' my heart- breakin' my heart-Brea- brea- brea- brea- brea- brea- brea Breakin' my heart, tearin' me apart Breakin' me down when I'm already down Breakin' my heart- breakin' my heart- breakin' my heart Breakin' my heart- breakin' my heart- breakin' my heart Breakin' my heart- breakin' my heart- breakin' my heart

You said "I love you" too fast So much for that, girl, summer just started And we're already done How can you be angry on a night in July And be warm with me when it's freezin' outside You're confusin' me, don't have me wastin' my time Yeah, you said "I love you" too fast So much for that, girl, summer just started And we're already done
