

Summers Over Interlude

Drake

Oh, baby, yeah

Days in the sun
And nights in the rain
Summer is over, simple and plain
Found me some fun that's good for the pain
Already told you, I don't feel the same
I don't feel the same

Anywhere I go
I can't help but show
I don't feel the same
Anywhere I go
I can't help but know
I don't feel the same
Anywhere I go
I can't help but know
