

# Talk Up

Drake

Ayy, ayy  
Lot of 6's in here tonight  
Yeah, yeah, ayy

Ten of us, we moving as one  
I'm so proud of who I've become  
You might think I've taken some lumps  
Only if we talking about sums (yeah)  
Intentions are pure, they cannot tell me relax  
My mentions are jokes, but they never give me the facts  
This's and that's, can't be ignoring the stats  
Based off of that, they gotta run me the Max  
They gotta run me the Max, they gotta double the racks  
They had it set up for real but they didn't come with the slaps  
When I heard the shit I was skipping through that  
If I get it trippin', it's no coming back  
I don't understand, these niggas gotta adapt  
You know where I'm at, I put the 6 on the map  
Your shorty was bent, she wanted to vent  
I promise it fell in my lap  
My money is young, my problems are old  
I promise I'm bridging the gap

You know what I'm sayin' (woo)  
Ayy, ayy, yeah  
You know what I'm sayin' (geat, geat, geat)

Niggas provoke, this shit ain't a joke, man, nobody playing  
He's at the top and he's at the top, but nobody staying  
These niggas around but they ain't around  
You know what I'm sayin'?  
Say that they down, when they shit is down  
You know what I'm sayin'?

Yeah, you know what I'm sayin'  
Ayy, ayy, yeah  
You know what I'm sayin'

Yo, get close enough to HOV smell like a kilo still  
First album 26, I ain't need no deal  
Already a hood legend, I ain't need no shine  
First Rollie flooded out, I ain't see no time (woah)  
Stand up niggas  
We only ducking indictments  
Dope boys, off-white, looking like soft white on 'em, hehe  
You know what I'm saying?  
We in the building, we came for a billion, ain't nobody playing  
Live every word that I'm rapping  
Said I lost 90 bricks and it happened  
You probably wouldn't believe everything you seeing right now right now if i  
t wasn't live action  
I ain't on the 'Gram, they record who I am  
God to these dope boys  
How you not be a HOV fan?  
I only shoot a Benz  
I'm what Supreme didn't become  
If Alpo didn't snitch

Niggas would be like Young  
I got your President tweeting  
I won't even meet with him  
Y'all killed X and let Zimmerman live  
Streets is done

You know what I'm sayin'  
Ayy, ayy, yeah  
You know what I'm sayin'
