Dream Evil

Just who do we think that we are, anyway I leave it to you, Assume away It's Better to burn out - than fade away We don't care, we don't care what they have to say They calleth us Anti-Christ Cause we are evilized they try to have us stoned up from their mighty throne but can't they see the fun in it apparently not but do we care a lot No no no! We've been accused of selling out too cheap They look for the answers way too deep The king is dead - long live the king It don't mean, it don't mean, it don't mean a thing... They calleth us Anti-Christ Cause we are evilized they try to have us stoned up from their mighty throne but can't they see the fun in it apparently not No no no!
