

Dominator

Dream Evil

I've been waiting for this moment
In the name of God I will prevail
Now your magic lost its power
In this battle you will fail
Can't you see - It's time for me
To take your place - Beware

CHORUS:

Dominator
Your soul is rotten
I will dominate you
You'll be forgotten
Your throne of chaos will turn to ashes
The souls you rule will be released
It makes no difference where you are hiding
Feel my fury unleashed
Can't you see - It's time for me
To take your place in hell

CHORUS:

Dominator
Your soul is rotten
I will dominate you
You'll be forgotten
From the place I will send you
there is no return, believe me
Ashes to ashes to dust
You will burn screaming
I've been waiting for this moment
In the name of God I will prevail
Can you feel my power growing
In this battle you will fail
