

## Fight For Metal

Dream Evil

I was lost on winding roads  
Now I know what I was looking for  
One destination, a place that is safe  
Now I know where I belong

Empty rooms, broken dreams  
Can you tell me who to trust?  
We are in this thing together  
But in this circus I am lost

Fight for metal  
Die for metal  
I live for metal, fight for metal, die for metal  
I fight for you  
I live for metal, fight for metal, die for metal  
You know it's true

Do you feel the power, I can feel the heat  
You have to stay hungry to believe

There are fights you never win  
All those times you feel you don't fit in  
Never surrender, if you really care  
Back to back we stand up strong

Empty rooms, broken dreams  
Can you tell me who to trust?  
We are in this thing together  
But in this circus I am lost

Fight for metal  
Die for metal  
Live for metal  
Die for metal
