

Into the Moonlight

Dream Evil

Altogether why! I can't believe my eyes
what I see standing in front of me
Crowd of thousand Men who've come to make a stand
Here we are, under the seven stars
Ride, side by side
touching the fire in the soul of ours, tonight as we ride
into the moonlight
fear, step aside
run and hide I'm not afraid to risk my life as we ride
into the moonlight
halfway home we face the dark ones eye to eye
step aside! Unless you want to die
Night is cold and black a blind man leads the blind
we can't see the forest for the trees
Ride, side by side
touching the fire in the soul of ours, tonight as we ride
into the moonlight
fear, step aside
run and hide I'm not afraid to risk my life as we ride
into the moonlight
Ride, side by side
touching the fire in the soul of ours, tonight as we ride
into the moonlight
fear, step aside
run and hide I'm not afraid to risk my life as we ride
into the moonlight
