

# Kingdom of the Damned

Dream Evil

I travelled far to reach this destination  
So many fights to get redintegration  
So here I am in this land that's been forgotten  
It's god damned hot and the air u breathe is rotten  
It's where the dragon rules the sky  
It's where you wake up just to die  
Where the river flows with sand  
In the kingdom of the damned  
If you can't cope with the pain you will surely go insane  
In this God forsaken land  
The kingdom of the damned  
Everything is dead, it's not a living thing in sight  
My skin is bunnning hot, in this supernatural sunlight  
I'm not superstitious because I've seen it all  
I will complete my mission for my lord  
I can't wait to get out of this place  
I just want to go home!  
But I've got to fullfill my given task  
And give life to my lord - To my king!
