Kingdom of the Damned

Dream Evil

I travelled far to reach this destination So many fights to get redintegration So here I am in this land that's been forgotten It's god damned hot and the air u breathe is rotten It's where the dragon rules the sky It's where you wake up just to die Where the river flows with sand In the kingdom of the damned If you can't cope with the pain you will surely go insane In this God forsaken land The kingdom of the damned Everything is dead, it's not a living thing in sight My skin is bunrning hot, in this supernatural sunlight I'm not superstitious because I've seen it all I will complete my mission for my lord I can't wait to get out of this place I just want to go home! But I've got to fullfill my given task And give life to my lord - To my king!
