

Lady Of Pleasure

Dream Evil

I misunderstood her intentions
Thought she wanted a smoke
I never knew that she wanted so much
Full of desire, her eyes were on fire
I just tried to escape
What she had to offer was not a joke
Who is this girl, staring at me
Burns with desire...
Stand back lady of pleasure
Hold on, I wanna have control
I know your dark intentions
You take my balls
And nail them to the wall
In an intoxicated condition it's hard to be wise
This evil woman took me by surprise
Venomous liar a body for hire
There is no escape
Once you are in there is no way out
Who is this girl, staring at me
Burns with desire...
Stand back lady of pleasure
Hold on, I wanna have control
I know your dark intentions
You take my balls
And nail them to the wall
Caught in her grip I am her prisoner
Leather and whips handcuffs and chains
Her venom ruins in my veins
