Take The World

Dream Evil

Out in the fields – It's where I belong
I'm looking for some peace of mind
So kings and lords with daggers and swords
It's time for me to draw the line

Out in the fields
I have been away for too long
SO kings and lords with daggers and swords
I tell you I have to go on

You know it ain't easy
To get back on track
You gotta have a reason
To stand up and fight – Fight for your life

'Cause we're gonna take the world
And nothing's gonna stop us
We're gonna take the wotld
Together we're strong

Fight! Stand! Strong!

My heartbeat is fast
and my faith is still strong
God knows that I have been around
Gone are the days of doing things wrong
It's time for me to break the bounds

Still standing pround
I won't let tehm mess with my mind
Now are the days when i'm screaming loud
Don't try to take over my life

You know it ain't easy
To get back on track
You gotta have a reason
To stand up and fight – Fight for your life

'Cause we're gonna take the world
And nothing's gonna stop us
We're gonna take the wotld
Together we're strong
'Cause we're gonna spread the word
Screaming out laud now
We're gonna take teh world
