

# Darkness Brought Me Here

Dream On, Dreamer

Here I am alone  
Watching demons sing  
I've feared their smiles  
When they stared at me  
Out of darkness springs the light.  
From the fire we ignite.

I can feel it.  
Can you feel it too?  
My heart has placed itself right next to you.

We've lost the moon,  
When we swallowed the sun  
And then we realised we were not the only ones

We were not the only ones...

Who fight like we do  
Who love like we do

If you could see the things I've seen,  
There's a bright side to suffering.  
It doesn't matter what you think,  
You know that we're all the same.  
It shows your colors and sheds your skin.  
Where do you go, where have you been?

We have to wake up  
Before we fall asleep  
Hands on the pulse  
Till it fucking beats

Here I am alone  
Watching demons sing  
I've feared their smiles  
When they stared at me  
Out of darkness springs the light.  
From the fire we ignite.

I was dancing with the devil  
I was kneeling to the cross  
There is one thing I can promise:  
Love is my only god.

If you could see the things I've seen  
There is a bright side of suffering.  
Show your colours  
Shed your skin  
Where have you gone?  
Where have you been?

Where have you been?  
Where have you been?
