

It seems like this road  
It doesn't go anywhere  
It doesn't stop  
But still we have to pretend

It's okay when your heart stops  
Swallow, it will feel the same  
Like everybody else does  
Don't cry just numb the pain  
(Don't try to hide the pain)

Cause it won't stop until your heart drops out  
Don't think twice just chase the sound  
No it won't stop till your heart gives out  
Don't lose yourself to the crowd, of here and now

We're addicted to this thing  
They call medicine  
It won't beat your fears nor hide your tears  
We're addicted to this thing  
They call medicine  
It won't beat your fears nor hide your tears

Cause it won't stop until your heart drops out  
Don't think twice just chase the sound  
No it won't stop till your heart gives out  
Don't lose yourself to the crowd, of here and now

How can you think  
We're blind enough  
That with broken spines  
We get ourselves back up?

You separate the good from the bad,  
The poor from the rich and born from the dead

We get ourselves back up  
We get ourselves back up back up
