

Souls On Fire

Dream On, Dreamer

Death is not the answer
We're in this together
It's dragging us down
It's pulling us apart
Don't be scared to set your soul on fire

If we fall we'll rise We'll rise again And if we fall we will rise again

I think I'm slipping, I tried this so carefully but
I always end up the same
Something in me doesn't want to keep repeating the same thing
You'll always end up the same
If you're not listening

Disappear from the floor to ceiling
Realise that the walls are leaving me
I found a place in my head
Realise that I'm not gone just yet

Disappear from the floor to ceiling
Realise that the walls are leaving
I met a man in my head
He said he's not ready to die just yet

Now I stand looking up again
After years of silence
Pushing on & falling back
Swimming in a
pool of blood

On my way to hell
Through an endless sea of stars
It was cold and still
Drag me down pull me apart

Every time you feel alone
It's not the end of the world
Every time you feel alone
Just know I'm there

I think I'm slipping, I tried this so carefully
but I always end up the same
Something in me doesn't want to keep repeating the same thing
You'll always end up the same
If you're not listening

Now I stand looking up again
After years of silence
Pushing on & falling back
Swimming in a pool of blood
On my way to hell
Through an endless sea of stars
It was cold and still
Drag me down pull me apart

Drag me down pull me apart...
