

# It Happens Every Time

Dream Street

It Happens Every Time  
Can you hear the music playing?  
Can you feel the rhythm swaying?  
This is the sound of dreams come true  
And I can promise you that  
You are the one and only  
And I'm the lost and lonely  
We are the perfect dream come true  
And I can promise you that  
I hear a silly love song in my heart

It happens every time when I see you  
It happens every time when I think of you  
It happens every time  
Oh it's magic when we meet  
Baby down on dream street

Let me take you by the hand and  
Walk you down the milky way  
'Cause you make me feel I'm so alive  
Though I promise baby  
I hear a silly love song in my heart

It happens every time when I see you  
It happens every time when I think of you  
It happens every time  
Oh it's magic when we meet  
Oh baby down on dream street  
It happens every time, it happens every time  
Oh it's magic when we meet  
Down on dream street

When I close my eyes  
There's angels all around  
Singing a love song

You know it happens every time..(aah aah aah aah)  
When I think of you  
Oh it happens every time (aah aah aah aah)  
Ooh-ooh-ooh...oh-oh-oh

It happens every time when I see you  
It happens every time when I think of you  
It happens every time  
Oh it's magic when we meet  
Down on dream street  
It happens every time...(Baby, oh oh)  
It happens every time  
Oh it's magic when we meet  
Down on dream street
