With All My Heart

Dream Street

Late at night, awake and alone I count the stars in the sky Every cloud that rolls by and I think of you, I whisper, I wish With everything that I am I'll do all that I can

'Cause baby I, I just want you to see That baby you mean the whole world to me

It's so right When I see the love in your eyes All that I wanna do Baby is to spend my life with you and I know As long as there is tomorrow I'll be loving you right from the start With all my heart

I can't believe what's happened to me You stepped right out of my dream Like nothing I'd ever seen And I will love you...for the rest of my life 'til forever is gone You'll be the one

Woh-Oh, 'Cause baby I (Baby I, Baby I...) never thought I would say That baby you (Baby You) are my night and my day

It's so right When I see the love in your eyes All that I wanna do Baby is to spend my life with you and I know As long as there is tomorrow I'll be loving you right from the start With all my heart

Woh-Oh-Oh, I know I'll be strong (I'll be strong, I'll be strong, baby) With you in my arms (I want you in my arms) Heaven brought us here together We belong like this forever.

It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
and I know
As long as there is tomorrow
I'll be loving you right from the start (With all my heart)
It's so right
When I see the love in your eyes
All that I wanna do
Baby is to spend my life with you
And I know
As long as there is tomorrow
I'll be loving you right from the start

With all my heart

(With all my heart, With all my heart) Wo-oh-oh, With all my heart.
