

## Breathing Spaces

Dreamscape

Another old forgotten scene  
Will show my better me  
Another lie not filtered shows a hidden place  
A sanctuary

Places, hidden breathing spaces  
To face the music  
Places, I mesmerize my traces  
With chains around my soul

Will I ever find out how much more have I concealed  
Will I ever have settled everything  
Will I be free

Places, hidden breathing spaces  
To face the music  
Places, I mesmerize my traces  
With chains around my soul

How much longer will I wait  
A dangerous game but I can't stray away  
I know this far too well  
I've walked this road before

Places, hidden breathing spaces  
To face the music  
Places, I mesmerize my traces  
With chains around my soul
