

# Loneliness

## Dreamscape

Like the times before  
She takes her box of dreams  
A thousand times before  
Darkness fills her head

Stretches her arms to touch  
The endless sky  
Watches clouds roll by  
Searches for fields of joy

Moon hides the sun today  
Dried up desert heart  
Red roses falling to the ground  
Find rainbow's end  
Coldness of the stars  
Silent cries

Loneliness  
Fills her mind  
Life in slow motion  
Tear-stained eyes  
Frozen dreams  
Withered fields

Falling leaves  
Empty trees  
Run off into the distance  
Autumn cold breeze  
Raging seas  
Start to freeze
