Dreamshade

Why has it all changed?
What have we lost? What have we gained?
Nothing of this will ever remain
Only a bunch of child's memories
Why has it all changed?
What have I lost? And what have you gained?
Nothing of this will ever remain
Only a bunch of child's memories

Hidden in shame

We used to stay together
Dreaming of what we'd have become
We'd have been friends forever
What should I say now that you're gone?

Through my eyes you're fading
This is the way I feel

Why has it all changed?
What have we lost? What have we gained?
Nothing of this will ever remain
Only a bunch of child's memories
Why has it all changed?
What have I lost? And what have you gained?
Nothing of this will ever remain
Only a bunch of child's memories

I miss those times when we played as kids
No worries about our future, no enemies
Now I close my eyes
Trying to go back then with my mind
Oh, how I wish we could live the old times again

Through my eyes you're fading
This is the way I feel

We can't stand here waiting
Why are we afraid if there's nothing but time between us
We can't stand here waiting
Nothing is changing
Will we ever meet again?

Will we ever meet again?
What are we waiting for?
What are we so afraid of?
