

Caught Up

Drew Seeley

Lately, you've been changing
Not the same as when we started this
You knew our situation
Now you're tripping, what's the reason?
I'm not leaving what I've got at home
Why you asking? You already know
What I'm gonna say, the answer is no
There's no time to play, time for you to go

No more, so get on out the door
You're catching feelings, and that's not what this is for
If you can't handle what we've got, I'm a have to cut it off
You're catching feelings, and that's not what this is for

Everything that starts must come to an end
We can't even be friends 'cause you're catching feelings
It's a shame girl you had to pledge allegiance
Now I've gotta be blunt, you're caught up, you're caught up
Everything that starts must come to an end
Don't wanna see you again 'cause you're catching feelings
It's a shame girl you can't see the reasons
But it's here till the end, you're caught up, you're caught up

Let's get it clear - never been your man
But if you want something I can't have I'm sure that no-one can
Don't understand, girl where you get off
Stressing out my girl, blowing up a spot
Trying to get me caught in some kind of lie
But I won't play your games 'cause I know your kind
Girl I ain't blind, I see what you're trying to do
But you can't hate her 'cause there's no me and you

Anymore, so get on out the door
You're catching feelings, and that's not what this is for
If you can't handle what we've got, I'm a have to cut it off
You're catching feelings, and that's not what this is for

Everything that starts must come to an end
We can't even be friends 'cause you're catching feelings
It's a shame girl you had to pledge allegiance
Now I've gotta be blunt, you're caught up, you're caught up
Everything that starts must come to an end
Don't wanna see you again 'cause you're catching feelings
It's a shame girl you can't see the reasons
But it's here till the end, you're caught up, you're caught up

You used to know this day would come
The only one to blame is you
Thinking I would never leave
Can't see you no more
