

I Do

Drew Seeley

I see the world for you and me
I hear a perfect harmony
Where you are is where I'm gonna be
I'm gonna be

Forever could never be enough
Together is all I need for us
When the rain is pouring down
And there's no one else around
I'll be your shelter now

And I'll be the one you can run to
I'll be the one who's meant to love you now
And always til our days are through
You know I do
You know I do
Time to say the words
Never been so sure
I wanna spend my life with you
I do

There's a match for every heart
And there's a light for every dark
With you I found
My counterpart, my counterpart

Forever could never be enough
Together is all I need for us
When the rain is pouring down
And there's no one else around
I'll be your shelter now

And I'll be the one you can run to
I'll be the one who's meant to love you now
And always til our days are through
You know I do
You know I do
Time to say the words
Never been so sure
I wanna spend my life with you
I do

Forever could never be enough
Together is all I need for us
When the rain is pouring down
And there's no one else around
I'll be your shelter now

And I'll be the one you can run to
I'll be the one who's meant to love you now
And always til our days are through
You know I do
You know I do
Time to say the words
Never been so sure
I wanna spend my life with you

I do
