

# Want You In My Life

Drew Seeley

Excuse me miss  
What is your game  
Puttin all in  
Tell me your name  
I'm not this bold  
Because girl I know  
If I move slow  
Somebody's gonna scoop you  
Can't let that be  
It should be me  
Give me your stee  
Can't nobody touch you  
You just never lie  
Look in my eyes  
These are my life  
Let me put it to you like this now

Girl I just wanna talk to you  
Tell me what you like yeah  
We'll do what you wanna do  
Cause this is what I feel inside  
Something's drawing me to you  
Who am I to fight yeah  
And I'll do anything to prove  
That I want you in my life

I want you in my life  
Want you in my life  
I want you in my life  
Want you in my

For your second taking  
Planning your escape I  
Want your number so I can  
Call you  
If it's bad timing  
Let me give you mine and  
You can call me when you  
Want to  
Cause out there on the dance floor  
You're the type of girl I would cancel my plans for  
Let me buy you a drink  
Baby all I can think  
Bout is how to make you mine

Girl I just wanna talk to you  
Tell me what you like yeah  
We'll do what you wanna do  
Cause this is what I feel inside  
Something's drawing me to you  
Who am I to fight yeah  
And I'll do anything to prove  
That I want you in my life

I want you in my life  
Want you in my life  
I want you in my life

Want you in my
