

## Man Overbored

Driller Killer

There's nothing to look forward to  
I never believed in you (the future)  
Maybe there was a reason to exist  
Watching the chaos, being pissed off

I shat upon your policy  
9 - 5 was not for me  
I sucked the state for what it was worth  
I'm one of those who fell from earth

Restless 'n bored... Man overbored
