

## Zoloft

### Drive-By Truckers

All my family problems disappeared over night  
We're all taking Zoloft and everything is fine  
My sister's teen angst just flew out the window  
Mama's so happy she laughs all the time

Used to have trouble getting along with each other  
Mama's hating Daddy, I'm hating little brother  
Then the family doctor gave us all these little pills  
Now I can't believe how great we all feel

All my family problems disappeared over night  
We're all taking Zoloft and everything is fine  
My sister's teen angst just flew out the window  
Mama's so happy she laughs all the time

The birds in the trees all sing them happy songs  
Everyone is smiling, we're so glad to be alive  
Even my old pit bull don't growl anymore  
He just watches tail wag from side to side

All my family problems disappeared over night  
We're all taking Zoloft and everything is fine  
My sister's teen angst just flew out the window  
Mama's so happy she laughs till she cries

I used to be so unhappy singing songs about killing  
Taking methadone and jacking off four or five times a day  
But now I'm so happy, I'm so god damned happy  
Who needs an orgasm when life's so fucking great

All my family problems disappeared over night  
We're all taking Zoloft and everything is fine  
My sister's teen angst just flew out the window  
Mama's so happy she cries all the time
