

# Get Back

## Driving East

Tonight, the world screams passed our window  
Another 15 hours to go  
Headlights and statelines are all that we know

The sun is breaking over the horizon  
We greet the day with bloodshot eyes  
No sleep, no chance that we'll ever make it on time, make it on time  
We're still so far behind

We'll never get back home before the summer  
Never get, get back home before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same  
We'll get back to her some other day

Pass out on our friend's floor  
My head is pounding from the night before  
A drink and I won't feel sick anymore  
We spill our guts all over the stage  
Different faces with different names  
The shows are sick and we're having the time of our lives, time of our lives  
Toast to that tonight

We'll never get back home before the summer  
Never get, get back home before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same  
We'll get back to her some other day

We'll never get back home before the summer  
Never get, get back home before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same  
We'll get back to her

And when the lights hit the crowds  
We won't back down until we hit the ground  
And when the lights hit the crowds  
We won't back down until we hit the ground  
And when the lights (the lights!) hit the crowds (the crowds!)  
We won't back down until we hit the ground  
And when the lights (the lights!) hit the crowds  
And it feels so right

We'll never get back home for the summer  
Never get, get back home before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same (won't be the same)

We'll never get back home before the summer  
Never get, get back before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same  
We'll get back to her some other day

We'll never get back home before the summer  
Never get, get back before the leaves start to change  
Hang our hearts on the road, Virginia won't be the same  
We'll get back to her some other day Get
