

## Well, I Never Knew You Were So Much Fun

Drop Dead, Gorgeous

I'm in line for the murder. First come first served  
You aim for across the hall, your vision blurred  
is this what you want from me, to hear me scream?  
I'll die suddenly my blood on your hands  
i'll die a tragedy you'll live in fame  
here comes the last masquerade  
we need a doctor baby  
don't you just love a good time? I do.
