Dropkick Murphys

We're gonna die when the sun comes up  
We'll drink until we drop  
My blood's one hundred proof  
We're gonna stumble twist and crawl  
Got 99 bottles of beer on the wall  
I'd rather drink than fuck

No doubt about it  
Can't live without it  
No doubt about it  
I can't live without it, alcohol  
Alcohol

Why it's my destiny?  
You get the beer  
We get the time  
You get the coke, gimme a line

No doubt about it  
Can't live without it  
No doubt about it  
I can't live without it, alcohol

We're gonna die when the sun comes up

My blood's one hundred proof  
We're gonna stumble twist and crawl
