

## Do or Die

**Dropkick Murphys**

The once steel tough fabric of a Union man Was sold and Bartered  
away Fed to money wolves in the Reagen years, Caught in a drift  
in greedy nintetie's days So inside this song is our rally cry

Your dreams are in danger, and We Must Rise Our time has come  
we are under the gun It's Do or Die

Its not a rebel cry of some socialist Scheme to push for human  
rights Just the facts an obvious mentioned on the Behalf of the  
working man, for his family and his livelihood

Your dreams are in danger, and We Must Rise Our time has come  
we are under the gun It's Do or Die

The once steel tough fabric of the union man was sold and barte  
red away Fed to money wolves in the Reagen years, Caught adrift  
in greedy nineties days

Your dreams are in danger, and We Must Rise Our time has come  
we are under the gun It's Do or Die
