

Forever

Dropkick Murphys

"Never take your loved ones for granted: they could be gone tomorrow"
all of my dreams seem to fall by the side like a discarded thought
or the day's fading light
but I know that if I could just see you tonight forever at times
we may fall,
like we all tend to do but I'll reach out and find that I've run
into you
your strength is the power that carried me through forever

Your kindness for weakness I never mistook I worried you often,
yet you understood that life is so fleeting,
these troubles won't last forever inspired me truly you did from
the start to not be afraid
and to follow my heart there's a piece of you with me they can't
tear apart forever

Forever I'll find you, forever we'll be
Forever your power and strength stays with me
