Dropkick Murphys

When we were young we had it all
We had the sun the moon the stars
We didn't picture very far
We didn't go

While people drove in fancy cars
We swam in pool but they weren't ours
We were rich yeah but no one told us
We didn't know

Yeah, When we were young (x2)
We had it all
When we were young
We had a ball
When we were young
We had it all
When we were young

We didn't know about girls or bars
We stole candy and occasional cars
Playing stick from dusk to dawn
That's what we knew

You had too much so I took you bike
I hated your guts but I wanted your life
Your mom was fine, you went to fancy schools
You had lots of shit but you still weren't cool

Yeah, When we were young (x2)
We had it all
When we were young
We had a ball
When we were young
We had it all
When we were young

Yeah, When we were young (x4)
We had it all
When we were young
We had a ball
When we were young
We had it all
When we were young
