

Take It or Leave It

Dropkick Murphys

See it
Do you believe it
You can take it
Or you can leave it

See it (take you on a rockin' stroll)
You can believe it (dig yourself a deeper hole)
You can take it (looking high but feeling low)
Or you can leave it (pray to God to save your soul)

Too fast, living on the edge
Don't wanna die before my time
But 12 beers later I'm a terminator
Hey, hey!

See it
Do you believe it
You can take it
Or you can leave it
